

HOW TO JOIN THE
**SACRED SPACE
CLUB 2026**

WELCOME HOME

This is a set-apart space for women who want to be formed, not just inspired. Here, faith is practiced slowly, Scripture is taken seriously, and prayer is honest, where sisterhood is sacred. If you're ready to grow beyond surface faith and walk intentionally with God, you belong here.

This community is under the Young and Spiritually Inspired ministry. This is a branch that helps us build community over following. **We are Called for a higher standard of living.**

THE GOAL WITH THE SACRED SPACE

MISSION

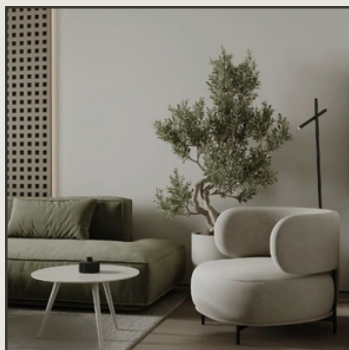

The **Sacred Space Club** exists to create a safe, reverent, and structured community for women who desire to grow beyond surface-level faith.

Through prayer, Scripture-centered study, intentional gatherings, and accountable sisterhood, we walk together toward spiritual maturity, emotional healing, and lives aligned with God's truth.

VISION

To cultivate a sacred, intentional sisterhood where women are spiritually formed, deeply rooted in Scripture, and equipped to live faith-filled lives marked by wholeness, obedience, and love.

- Reverence over relevance
- Depth over performance
- Structure over spontaneity
- Quiet excellence over noise
- Intimacy over masses

PRIVATE WHATSAPP GROUP

Members are part of a private WhatsApp community created to nurture connection beyond events. This space is used to share prayer prompts and scripture, weekly encouragement, important updates and gentle reminders about upcoming gatherings. It is also a place where members can share reflections, testimonies and moments of gratitude as they journey with God.

More than announcements, this community allows for personal check ins. There will be intentional moments where we pause to ask how you are doing spiritually, emotionally and in your walk with God. These checkups are not invasive or performative, but caring and prayer led, ensuring no one feels unseen or disconnected.

The group is moderated with discernment to protect the tone, confidentiality and spiritual maturity of the space. Respect, honesty and grace are essential here, allowing the Sacred Space Club to remain safe, reverent and life giving. **The group will be run with strict resources and guidelines by the ministry.**

SACRED SPACE OFFERS:

01

FIRST ACCESS TO RETREATS AND EVENTS

Members receive priority access to all Sacred Space retreats, worship nights and in person gatherings before public release. This matters because these spaces are intentionally kept intimate. Retreats are not packed events, they are sacred pauses designed for restoration, reflection and renewal. **Members are also eligible for member only pricing and early confirmations and 10% discounts on our main events.**

02

WEEKLY PRAYER CALLS

These are not rushed prayer lines. Weekly prayer calls are moments of alignment where we come together to pray through scripture, life seasons and shared burdens. There is room for silence, listening and agreement. You are not required to speak, but you are always covered. **Praying and fasting together.**

03

BIBLE STUDY AND RESOURCES

Members have access to guided Bible study sessions that focus on understanding scripture in context and applying it to real life. This includes reflection prompts, teachings and open dialogue. We don't skim scripture for comfort. We sit with it, wrestle with it and allow it to shape us.

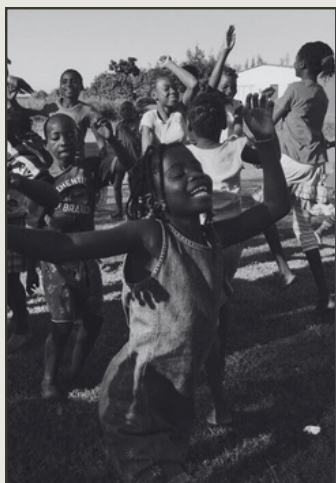

Some studies will be live, others self guided, allowing members to engage at their own pace. Some will be lead by guest pastors and have varied faith-based speakers.

QUARTERLY MEETUPS

Each month includes at least one curated experience that blends faith with life. These may include:

- Intentional brunches with guided conversation
- Worship and creative nights
- Hiking and nature walks rooted in reflection
- Pottery and creative expression sessions
- Service and charity initiatives
- Quiet days of rest and reflection
- Attend gospel concert together

HEART TO GIVE BACK

Faith that stays comfortable becomes fragile. As a club, we will intentionally pour outward through charity initiatives, community outreach and service projects. We don't give to be seen, we give because love demands movement.

HOW TO JOIN MEMBERSHIP

WHY THERE IS A MEMBERSHIP FEE

The **Sacred Space Club** has a membership fee because creating and maintaining a safe, intentional and faith centered community requires structure and stewardship.

The fee supports the planning and hosting of gatherings, venues, materials, administration and the care of our private WhatsApp community. It also helps protect the quality and integrity of the space by fostering commitment and accountability among members. This is your commitment to being held accountable and yearning for transformation.

Please note, the membership fee grants access to the club and its community. It does not cover retreats or larger lifestyle events, which will be priced separately to allow transparency and optional participation.

This fee is not about access to God, but about sustaining a space where faith and life can be lived out with intention. We have limited space, join now.

South Africa
